

OSAMA JARADAT

CYBERSECURITY TECHNICIAN

Jordan, Amman | osojr2017@gmail.com | +962 777112843 | [Portfolio](#) | [LinkedIn](#)

Cybersecurity specialist with a strong foundation in network security, threat analysis, and incident response. Proficient in using tools such as Kali Linux, Wireshark, and Metasploit, specializing in vulnerability assessment and penetration testing. My projects and practical courses have provided me with hands-on experience in malware analysis and setting up secure networks. I am eager to apply my skills through work, contribute to protecting digital assets, and provide cloud solutions.

AREA OF EXPERTISE

Network Security
Threat Analysis

Penetration Testing
Malware Analysis

Cloud Security
Cybersecurity Tools

KEY ACHIEVEMENTS

- **Completed Practical Projects.** Successfully completed hands-on cybersecurity projects, including setting up secure networks, conducting vulnerability assessments, and performing penetration testing using tools like Metasploit and Kali Linux.
- **Security Tools Proficiency:** Gained proficiency in essential cybersecurity tools such as Wireshark, Nessus, and Burp Suite, enhancing practical knowledge in threat detection and analysis.

EXPERIENCE

Fellow | Training and Competitions by Correlation One

Oct 2024 - Current

- Conducted in-depth correlation analysis to identify patterns and relationships within datasets.
- Translated data findings into actionable insights, aiding in strategic decision-making.
- Leveraged analytical tools to enhance accuracy and efficiency in correlation analysis.

Freelancer

Jul 2024 - Current

- Developed and maintained websites using HTML, CSS, and JavaScript, enhancing user experiences.
- Conducted accurate data entry projects, ensuring data integrity and consistency for various clients. Edited promotional and instructional videos, applying creative techniques to enhance it.
- Assisted in deploying applications and managing server environments.
- Provided technical support for hardware issues.

IT Intern | Jordan Data Systems

Jul 2024 - Sep 2024

- Assisted in network server installations, ensuring optimal configuration for performance and security. Provided technical support for HP laptops, diagnosing and repairing hardware and software issues. Configured network access points, improving connectivity and network accessibility.

EDUCATION

Bachelor of Cyber Security (4th Year) | Tafila Technical University

2022 - Current

- **Relevant Courses:** Network Security, Threat Analysis, Penetration Testing, Malware Analysis, Programming Languages like C++, Python and Java.
- **Achievements:** Participated in cybersecurity competitions (CTF), completed hands-on projects related to Cyber Security.

ADDITIONAL INFORMATION

- **Languages:** English, Arabic, Japanese
- **Certifications:** Github Foundations, Cyber Associate, Maintenance of Mobile Phones, Computers.
- **Awards/Activities:** Codability volunteer at Princess Sumaya University as Teacher Assistant. Achieved Gold Badge On HackerRank, Participating in various CTF's among the networks.
